Empire operates in 3 market segments, plus a corporate segment:

Media Based Attractions

(in 000's)

	YTD Dec 31, 2013
Sales	\$72,493
Adjusted EBITDA	\$7,199
Adjusted EBIT	\$6,720

- Dynamic Structures: designs and manufactures complex ride systems for established theme park owners around the world. Is also one of the world's leading designers and manufacturers of large ground-based astronomical observatory telescopes.

• Dynamic Attractions: turn key integrator of proprietary, premium media-based entertainment attractions, and provider of parts and service for theme park attractions. Key products include Flying Theatres, Special Effects Roller Coasters, Automatically Guided Vehicle (AGV) attractions, and Dark Rides.

Manufactured Products

(in 000's)

	YTD Dec 31, 2013
Sales	\$24,578
Adjusted EBITDA	\$2,726
Adjusted EBIT	\$2,476

- Petrofield Industries: manufactures hydrovac trucks for excavation service providers, primarily in the oil and gas industry. Petrofield designs and manufactures the Tornado Hydrovac F4 – considered to be the best industrial grade hydrovac in the industry. Tornado Hydrovac are powerful,

rugged and most important... simple. Industrial hydrovac must be much more durable than municipal hydrovac, given the rough terrain they operate in, and the fact that they are often far from the nearest service outlet. Petrofield's deep understanding of these issues keeps them at the forefront of the industrial hydrovac industry.

Steel Fabrication Services

(in 000's)

	YTD Dec 31, 2013
Sales	\$20,584
Adjusted EBITDA	\$(847)
Adjusted EBIT	(\$1,199)

- Empire Iron Works: focuses on structural steel fabrication and installation in the western Canadian industrial market. This focus means that they are not subject to the same competitive pressures that exist in the simpler commercial market, where there are a large number of smaller shops that can

compete for contracts. The industrial market requires significant capabilities and quality control that many commercial fabricators are less equipped to provide.

- Parr Metal Fabricators: Speciality carbon and stainless steel fabrication, such as tanks and pressure vessels. In addition to supplying the general marketplace with these products, Parr also provides the tanks for Petrofield's hydrovac trucks, improving Empire's consolidated margins by keeping the work in-house.
- ACE Industrial Services: Aboriginally controlled partnership in Fort McMurray, AB. 51% owned by the Athabasca Chipewyan First Nation, through ACDEN Ltd. and 49% by Empire. Provides multi-trade industrial maintenance services, steel fabrication and erection, and machining services primarily to the oil sands market.
- Dongguan Qiguang Dynamic Steel Structures Ltd.: 55% owned by our Chinese partner and 45% by Empire. This Chinese company fabricates and installs complex structural steel projects in China. We are developing the capabilities of this company to allow it to export fabricated steel into North America as part of our global steel supply chain.

Corporate Segment

(in 000's)

	YTD Dec 31, 2013
Sales	\$140
Adjusted EBITDA	\$(2,760)
Adjusted EBIT	(\$2,775)

- The Corporate segment is a non-operating segment that includes head office overhead costs, including public company compliance costs such as audit, legal, TSXV, securities' commissions, etc.
